Design project for a complex of villas located in one of the prestigious residential areas in Bali, Umalas. The authentic Mediterranean style is taken as the basis of the interior concept. All the villas are made in light white colors, using natural materials: terazzo, rattan, teak wood, natural stone, natural linen, terracotta. For all decoration we choise pastel colors. Tropical plants are integrated int the interior and give a natural living atmosphere feeling. As a inspiration were taken such as the popular villas Villa Young and Casa NoMada
